IVV 07-3 Revision: A Effective Date: February 28, 2005

#### 6.0 Procedure

#### 6.1 DDF Request

When someone is requesting Director Discretionary Funding, the Requester shall submit a DDF Request via a web form found on the NASA IV&V Facility Website Portal. The form can be accessed by clicking RMO under the Help and Support within the IV&V Facility Portal. Select the DDF Form link under the Forms section to Login. Then type in your user ID and password and this will bring up the DDF form. If you are a new user, click the new user link or Request Account link within the RMO page.

Complete ALL the fields within the DDF request form. If a field is not applicable, then type N/A on the field or if it is 0 (Zero) then type 0 (Zero). An error message will appear if any field is left blank on the form and you will not be able to submit the form. Once the form is completed, click the submit button and then the form will be electronically sent to the IV&V Director for approval. After the form is approved or denied, an electronic email notification will be sent to the requester and to the RMO. RMO will process the request by logging the data into the Financial Spreadsheets and then generate the Purchase Request for the approved amount.
